In 2006 we opened the DreamYard Preparatory High School and in 2009, in collaboration with BronxPro Real Estate (a unique, mission-driven affordable housing developer), developed a multi-arts and digitally integrated Community Art Center that serves over 300 students weekly. Our mission is to collaborate with Bronx youth, families and schools to build pathways to equity and opportunity through the arts.

Established in 1982 by faith and community leaders on Manhattan's Upper East Side, NCS was founded on the premise that homelessness is the responsibility of the entire community. Today, NCS offers an array of housing and comprehensive services, including counseling, substance abuse treatment, vocational and educational programs, and employment support. NCS also provides education to the community to enhance public awareness and understanding and participates in coalitions working with government agencies and policymakers to address homelessness. With its partners in the community, NCS's dedicated board, staff and volunteers powerfully demonstrate what neighbors can do to reduce, prevent and ultimately end homelessness.

NYC Department of Sanitation City Government

The NYC Department of Sanitation (DSNY) is the world's largest sanitation department. DSNY collects more than 10,500 tons of residential and institutional garbage and 1,760 tons of the recyclables – each day. While efficiently managing solid waste and clearing litter or snow from 6,300 miles of streets, the Department is also a leader in environmentalism — committing to sending zero waste to landfills. NYC Sanitation has a simple mission of enormous importance: keep New York City healthy, safe and clean. The 2016 Strategic Plan and its 2017 Progress Report outlines calculated steps to meet its mission for New Yorkers today – while positioning the agency for the City's future needs.

NYC Department of Health and Mental Hygiene City Government

Our mission is to reduce premature death from the leading preventable causes. Our vision is for every New Yorker to live in a thriving neighborhood with fair access to resources that support a healthy community.

NYS Contact Tracing Initiative

The aim of this initiative will be to call every person diagnosed with COVID-19, establish all contacts of this person, and proceed to call and maintain ongoing communication with every contact. In addition, the team will support the isolation and quarantine of individuals, as appropriate in cooperation with the Local Health Department. This includes virtual needs checks and referral to community resources as needed. This contact tracing initiative is in tandem with statewide-wide efforts to increase testing, improve communication and knowledge of effective strategies to reduce transmission, and implementation of isolation and quarantine. This will fortify efforts to control the pandemic in New York State.
